

QUOTE No Gen18711-Flu Vaccinations

Capital Health Care would like to submit the following flu vaccination quote.

Please note when comparing quotes:

Many vaccine providers only quote cheaper international vaccine and a single nurse.

Capital Health Care only utilises CSL Vaccine (Quadrivalent) and provide two staff at your location, this frees up your people support team.

- A nurse to administer the vaccine
- A vaccine coordinator – onsite at your workplace on the day of vaccinations controlling administration paperwork, **compulsory wait time are enforced**, chase missing staff.

This quote is to vaccinate staff at your office location pending our nurse availability. Capital Health Care's utilizes an online booking system with attached vaccine consent forms. We have been providing flu vaccinations to Canberra workplaces since 1996.

Capital Health Care uses a vaccine product named Afluria Quad™ – a four strain flu vaccine manufactured in Australia is now available for 2018 vaccination season.

Cost will be \$23 per person + GST.

Costing includes;

- Qualified immunization Nurse
- Online booking system
- Visiting multiple sites
- Bookings Officer (attending on the day)
- Oxygen & Adrenaline (first aid)
- Batch inspection and quality control advice - sign off by HR

Quadrivalent
INFLUENZA VIRUS VACCINE

Note: Staff must remain in the immediate area for 15 minutes after the vaccination is given.

Please contact David via email at capitalhealth@inet.net.au to book your staff in for 2020 vaccinations.
